The next generation

The outstanding feature of AUER Packaging's SK storage box with open front is its superb flexibility and functionality. It can be subdivided using various inserts, and it can be provided with viewing panels as well as a dust lid. The new generation of storage boxes with open front is available as standard in nine different sizes and five colours.

- Facilitates your work processes
- Very stable design
- Plenty of space for contents
- Stackable

STORAGE BOXES WITH OPEN FRONT EURO FORMAT

AVAILABLE UP FROM 1 PIECE!
No minimum purchase order.

SPECIAL COLOURS
Simply order online

Keeping ,on top of' small components

AUER Packaging's storage box with open front in Euro sizes is easy to load and unload, whether as a standalone unit or when stacked. This container helps you to 'keep on top of' your products, tools and small components. The optional acrylic glass panel stops your contents falling out, getting covered in dust or being damaged.

- For tools and small parts
- Comfortable loading and unloading
- Can be supplied with acrylic glass panel
- Cut-out side also possible on long sides

OUR TIP: VIEWING WINDOWS WHERE YOU WANT

The open-fronted storage boxes in Euro format have the standard viewing window on one end only. Would you like the viewing window on both sides or on the long side of the container? No problem!

Our customer service will gladly advise you: info@auer-packaging.com

TIPPING BOX SETS

AVAILABLE UP FROM 1 PIECE!
No minimum purchase order.

Keeping tabs on everything

AUER Packaging's tipping box helps you to keep tabs on things at all times since the contents are instantly recognisable in the transparent box. Complete flexibility when loading or removing the contents: the boxes are really easy to tip forward or to remove completely.

- Transparent plastic
- Especially scratch-resistant
- Individually stackable
- Optional wall mounting module

SPECIAL COLOURS
Simply order online

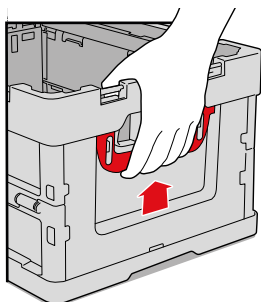

Space saving made easy

AUER Packaging's foldable box combines impressive functionality and ease of use. In a few quick steps, you can fold it up and save up to 82% of the space taken up by a normal plastic container. The optional lid provides additional protection for the contents.

» Find ESD version on page 166

- Secure, quick folding
- Up to 82% reduction in volume
- Ideal transportation and picking box
- Sturdy folding mechanism

DID YOU KNOW?

Our folding boxes can be folded very quickly. Simply pull the red control elements on the sides upwards and push the outer wall slightly inwards. The automatic folding mechanism ensures that the box is reduced to a minimum of its actual size.

SEAL

RAL 9017

Article No.	Tensile load-bearing capacity
PB	approx. 20 N

OUR TIP: SEALING WITH PLUG-IN SEALS

Plug-in seals are used to seal transport containers. If the container has been opened, the seal at the predetermined break point is destroyed, which is an indication that something about the contents might have changed. Plug-in seals are suitable for reusable containers, IBC containers and folding boxes.

SYSTEM TROLLEYS

Tidiness on the move

SYSTEM TROLLEYS FOR RACK BOXES

AVAILABLE UP FROM 1 PIECE!
No minimum purchase order.

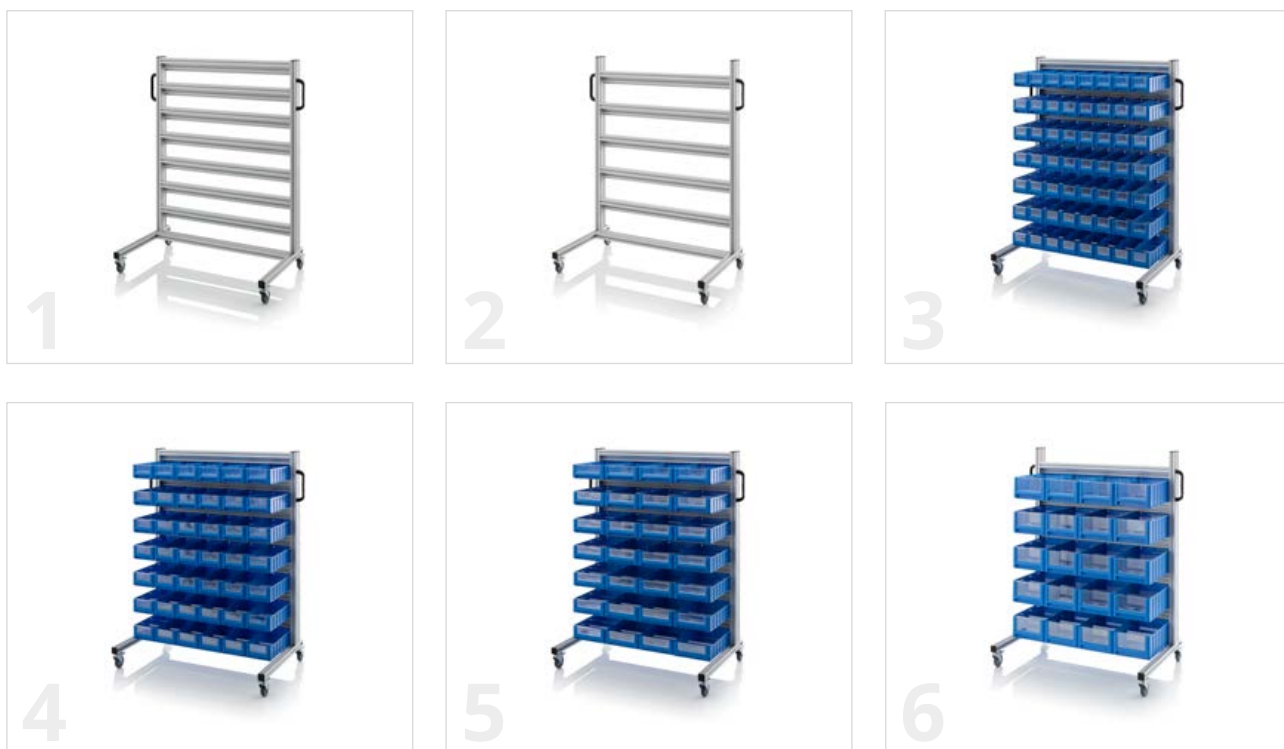

For optimised work processes

AUER Packaging's system trolley for rack boxes is outstandingly simple to use. The rack and material flow boxes are simply suspended in the aluminium profile system which has been precisely configured for that purpose. Everything you need for your operations is always exactly where you need it to be – and perfectly sorted too.

- Stable aluminium profile
- High load-bearing capacity
- Lockable easy running rollers
