SYSTEMZ

HEALTHCARE INNOVATION

Systemz is a one-of-a kind solutions provider.

modularity

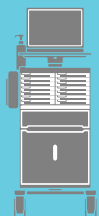

We research, design, manufacture and market highly modular and flexible products for the Healthcare, Laboratory, and Transportation market.

customisation

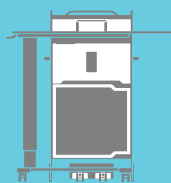

Our team of award winning industrial designers, mechanical engineers, and product specialist work hand in hand with our customers to develop customised products to meet specific needs.

integration

Systemz products are fully manufactured in-house in Singapore. Good Design, high quality materials, and precision manufacturing ensures Systemz products are best in class.

Stages of Customised Development

bedside unit

design & research

- Conduct Survey
- User Focus Groups & Brainstorm
- Establish Design Brief
- Concepts Explorations in 3D Modelling
- Realistic Rendering
- Scaled Model Mock ups
- User Concept Selection

prototyping

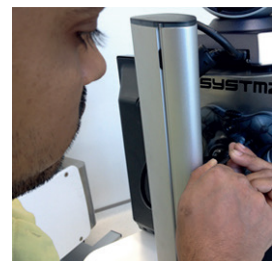

- Concept Refinement
- Detailed 3D Modelling
- Selection of Components
- Construction of Life size 1:1 Prototype
- User trial at Site
- Design Refinement
- Final Selection of Color and Finishes

production

- Full In-house Manufacturing:
 - CNC Machining of Profiles & Components
 - CNC Laser Cutting
 - Lathe Centers
 - CNC Flatbed Routers
 - 3D Rapid CNC
 - CNC Bending
 - 3D FDM printing
 - CNC Profile Machining Centers
- Final Assembly
- In-house QC checks
- Product ID Tagging and Packaging

maintenance & services

- Periodic Checks
- Perform Functioning Tests
- Cosmetic Refinements

SYSTEMZ Cart-Care.

A preventive maintenance programme to keep products working in its best condition for trouble-free operations year after year.

Systemz products are designed and made in-house in Singapore utilising the latest manufacturing technologies.

Ultra Flexible

WAPS (Wall Panel System) is a fully customisable wall panel system that allows user to design integrated multiple services (power, data, lighting, gas) into one. WAPS is available in different models and sizes to fully maximise the limited space in a room. Heavy duty rails allow furniture to be suspended from WAPS to free up floor space for ease of cleaning. WAPS is future ready for new technologies and upgrades.

CN10 - Casenote Workstation

Overall Dimension:

480W x 580D x 700 ~1040H (mm)

Custom Features:

Storage for 6 Casenote Folders 2" thick
Integrated folder dividers
Integrated push handles
Dual swing out extended worktop
Height adjustable
Tambour door

Power Supply & Cable Management:

Eubiq Power Track

Material:

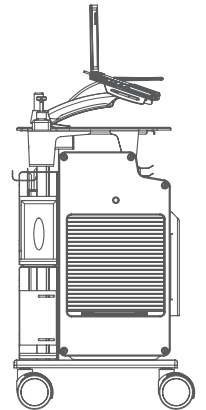

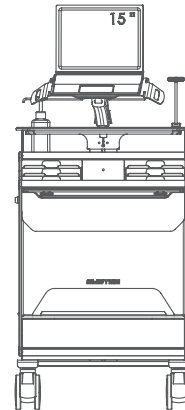

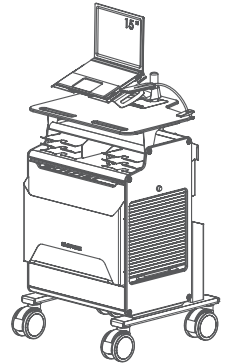

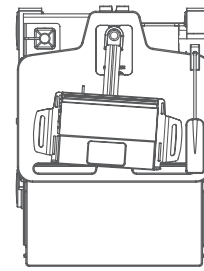

Aluminium chassis
Plastic worktop, cabinet, and swing-out extension

Castors:

100mm hospital grade
Non-marking
Front swivel & brake lock
Rear swivel lock

Warranty:

1 Year, optional Systmz cart care

CN16 - Casenote Workstation

Overall Dimensions:

630W x 600D x 1000H (mm)

Custom Features:

Storage for 16 Casenote Folders 2" thick
Integrated folder dividers
Integrated push handles
Tambour door with lock

Power Supply & Cable Management:

Eubiq Power Track

Material:

Aluminium chassis
Phenolic worktop, cabinet, and pull-out extension

Castors:

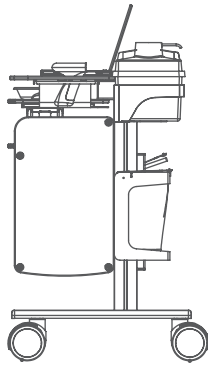

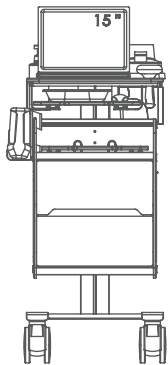

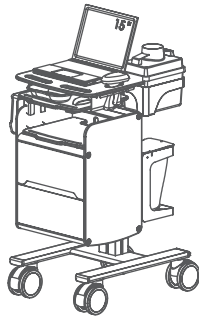

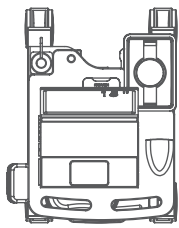

125mm hospital grade
Non-marking
Front swivel & brake lock
Rear swivel lock

Accessory:

Laptop holder with swivel arm
Glove holders
X-ray holder
Hand Sanitiser holder
MRI holder
Mask holder

Warranty:

1 Year, optional Systmz cart care

PB02 - Phlebotomy Workstation

Overall Dimension:
480W x 620D x 1000H (mm)

Custom Features:
2 x Aluminium drawers with soft closing
Integrated push handles
Pull-out worktop

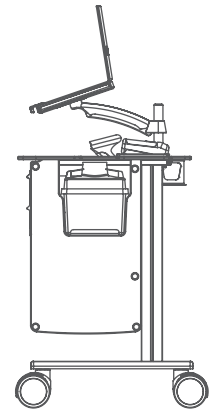

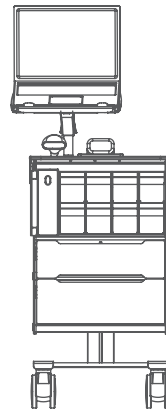

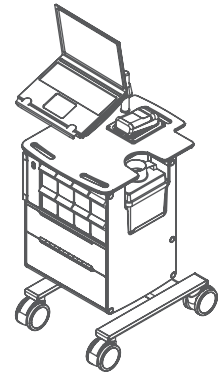

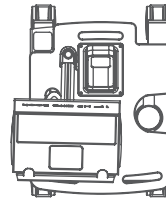

Power Supply & Cable Management:
AC Power Coil Cord with Power strip for 3 devices

Material:
Aluminium chassis
Antimicrobial plastic

Castors:
125mm hospital grade
Non-marking
Front swivel & brake lock
Rear swivel lock

Accessory:
Sharp box holder
Waste bin
Printer holder
Sanitiser holder
Barcode scanner holder

Warranty:
1 Year, optional Systmz cart care

PB08 - Phlebotomy Workstation

Overall Dimension:
540W x 660D x 960H (mm)

Custom Features:
8 x Removable Flip Down Bin
82 W x 75D x 108H (mm) Each
2 x Removable Moulded Drawer Tray with dividers
380 W x 330D x 90H (mm) Upper
380 W x 330D x 150H (mm) Lower

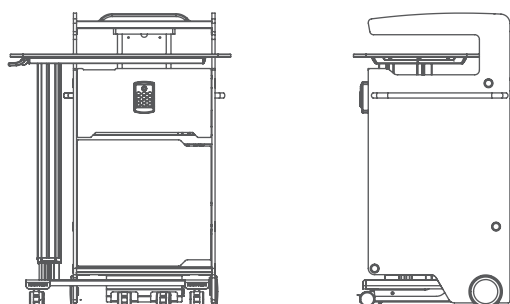

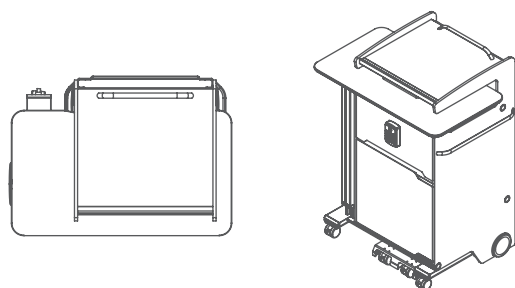

Power Supply & Cable Management:
AC Power Coil Cord with Power strip for 3 devices

Material:
Aluminium chassis
Antimicrobial plastic

Castors:
125mm hospital grade
Non-marking
Front swivel & brake lock
Rear swivel

Accessory:
Flip Down Bin for Test tubes
Removable Drawer Tray with dividers
7.6L Sharp Box holder
Printer holder
Hand Sanitiser holder
Barcode scanner holder
2 x Glove holder
Laptop Swivel arm

Warranty:
1 Year, optional Systmz cart care

BS10 & CT10 Intergrated - Bedside Unit

Overall Dimension:
680W x 510D x 940H (mm)

Cabinet Dimension:
520W x 480D x 940H (mm)

Table Top Dimension:
680W x 400D (mm)

Height Adjustment:
700 ~ 1100 (mm)

Custom Features:
Integrated with Overbed Table
2 Tier Design
Food Menu Compartment (Rear)
Soft Closing Drawer Mechanism
Worktop Laminate to match interior design
Rounded edges
Dual towel rail

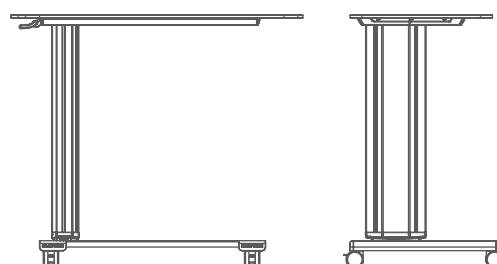

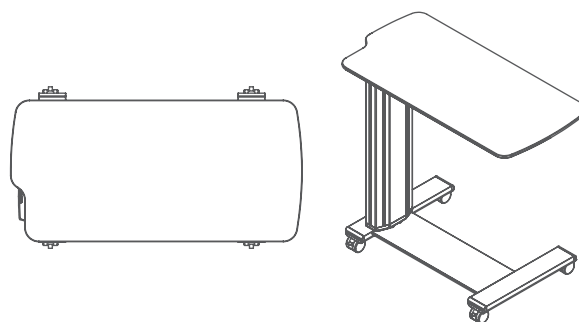

Power Supply & Cable Management:
Electronic Keyless Lock with Backlit
Motion Sensor Lighting
USB Charging Outlet

Material:
Aluminium chassis
Phenolic Worktop & Cabinet

Castors:
Non-marking
Front swivel & brake lock
Rear swivel lock

Optional:
Pullout worksurface
Removable footwear tray

Warranty:
1 Year, optional Systmz cart care

CT09 - Cardiac Table

Overall Dimension:
820W x 400D x 700 ~ 1100H (mm)

Table Top Dimension:
820W (or 900W) x 400D (mm)

Height Adjustment:
700 ~ 1100 (mm)

Custom Features:
Cantilever type design
Gas spring mechanism with safety override feature
Low effort height adjustment
Moisture resistance worktop with antimicrobial
Worktop laminate to match interior design

Material:
Aluminium chassis
Phenolic worktop

Castors:
Non-marking
Swivel & brake lock with red lever
Ultra low base, compatible with most 'Geri' beds

Optional:
Drawer with vanity set
Stethoscope holder
BP Cuff holder
Hand Sanitiser holder

Warranty:
1 Year, optional Systmz cart care
