

Designed and manufactured in Singapore

BH01

Bedhead Panel

Feature Highlights

- PVDF coated aluminium
- High standard of infection control
- Anodised aluminium structure panel covers
- Semi-recessed from wall
- Integrated medical rail
- Dual channel design for electrical outlets and medical gas
- Matching accent trim for ID
- Modular design
- Low maintenance
- Air tightness compliance
- Rust free anodized finish

Rigid aluminium structure

Modular design

Conceal panel (Optional)

BH01

Bedhead Panel

BH09 Feature Highlights

Horizontal
Bedhead Panel

- Continuous BHP with surge bed
- Air tightness compliance (air leakage test, air pressure test)
- Applicable for rooms with negative and positive pressure using proprietary sealing gaskets

Single Channel

Dual Channel

3-Bed Continuous BHP

BHV

Vertical
Bedhead Panel

Feature Highlights

- 100% locally fabricated (Singapore made) using CNC machines for more precise fabrication and shorter turnaround time
- Offsite pre-fabricated Bedhead Panel frame and structure to ensure clean, fast and consistent installation
- Moisture resistant anti-termite panels
- Anti-corrosion full stainless brackets and fasteners
- High scratch and wear resistant PVDF coating
- 6063-T6 Aluminium extrusion profiles for added durability and longevity
- 3D BIM Model, CAD, CAM, CAE ready

Vertical BHP for Single Bed

Non-glaring ambient lighting

Vertical BHP for Cohort Room

BHDW

Horizontal
Bedhead Panel

Feature Highlights

- Half wall partition for renal ward
- Provision for dialysis cabinet
- Integrated floor lighting
- Detachable screen

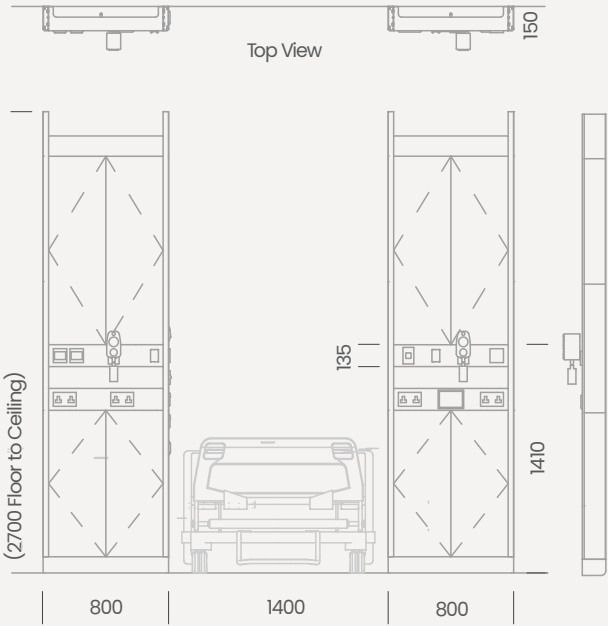

As shown: Silentia Folding Screen
